A delightful new 'garden village'
development of family homes
Phase 1a

Bluebell Homes

Our Vision

At Bluebell Homes we're passionate about the need to build sustainably. We aim to create communities of attractive, high quality homes; with plenty of open spaces for residents to enjoy, alongside shared facilities, in places where people want to live.

We share our customers' concerns about the environment. Blending sustainability with style, we're already working hard to reduce energy consumption and overall carbon foot print while still celebrating great architecture and location.

Part of the Edenstone Group, we built our first zero carbon home in 2016 and we have ambitious plans for the future. By 2025 every home we build will be solar powered, with battery storage, creating zero carbon new homes across every development.

Our developments are already well on their way to becoming sustainable places for future generations. Our designs encourage cycling and electric vehicles, with home and community charging points. Walking and fitness trails, plus opportunities to experience the natural world among wetland habitats and wildflower meadows meanwhile, are all aimed at improving health and well-being.

Energy efficient, low carbon, community focused

Welcome to Parc Ceirw

Lying to the north of Swansea in the lower Swansea Valley, Parc Ceirw is an exciting new garden village of family homes and exclusive community features located in Morriston, just 5 miles north of the city centre.

With excellent transport links to the M4, and Junctions 45 and 46 just a mile away, Morriston is a popular choice for people who want to settle within easy reach of Swansea, while enjoying a range of local amenities right on their doorstep.

Parc Ceirw offers modern, comfortable living, combining contemporary styling with spacious and well-designed homes for the way we live today.

Morrison

Parc Ceirw Garden Village historically lies within the boundaries of Maes-Y-Gwernen Hall, built in the late 19th century by William Williams, who was a mayor of Swansea, Liberal MP and owner of Worcester Tinsplate Works, which employed some 3,000 people locally. Recently demolished, the original hall was located nearby within the grounds of Morrison Hospital, Swansea's largest hospital.

Today the centre of Morrison is home to a range of local amenities including a selection of small shops, eateries and banks, as well as a number of national retailers. The thriving nearby Swansea Enterprise Park and Swansea's SA1 marine quarter provide wider retail and employment opportunities.

There are a number of local primary and secondary schools, both within easy walking distance.

For those seeking a more active lifestyle, Morrison's leisure amenities include local football and rugby clubs, Morrison leisure centre, as well as the neighbouring Morrison golf club.
